

# welcome package.

**Miramar Farms brings people together to inspire, imagine and build a more sustainable future. Our small family farm, located on the northern California coast, provides a restorative setting for community and corporate leaders to gather, learn and grow.**

Here are a few tips, along with directions, to help you plan your visit.

## **Please Sign our Waivers in Advance of Your Arrival**

We look forward to seeing you at the farm! Please sign our [liability waiver](#) in advance of your arrival.

## **What to Bring**

Miramar Farms is set on 11 acres for your group to explore and enjoy. This is a working farm--and the ground is uneven in some areas. We encourage comfortable clothing and good walking shoes to help you take advantage of all the private outdoor meeting areas, walking trails and ocean views.

## **What Not to Bring**

Pets are not allowed on the farm. Smoking is also prohibited.

## **Help Us Meet Our Sustainability Goals**

Miramar Farms grows a wide range of row crops and flowers organically. We are currently implementing a Conservation and Carbon Farm Plan—which focuses on sustainable soil, water and waste management practices, as well as opportunities for carbon capture. You can help us meet our sustainability goals in three ways:

1. If at all possible, carpool (or vanpool) with others when coming to the farm.
2. Bring your favorite reusable water bottle and/or coffee mug with you for the day.
3. Do not bring single-use plastic or other environmentally unfriendly materials (that cannot be composted or recycled) to the farm.

## **Other Tips for Having a Great Day**

We encourage you to unplug while you're here as much as you can. However, we have wireless access and high speed internet across much of the property and in the barn meeting space. Cell coverage is excellent on Verizon and T-Mobile (and much less consistent on AT&T).

The speed limit coming to the farm (once you leave Highway 1) is 7 miles per hour. Please drive carefully and protect our neighborhood chickens, puppy dogs, foxes and kids!

### Driving Directions:
